

Making a difference in the community

Collier's is hosting a chili cook-off fundraiser event benefiting Friends Who Care Cancer Relief Foundation of Wells County on Saturday, October 8 at 6:00pm at Collier's Heating & Air Conditioning at 702 S Jefferson Street in Ossian. If you are interested in competing in the chili-cook off, please call or email Tierney Boggs at 317-318-5110 or tierney@trustcolliers.com.

You may pick up tickets to attend the event at Collier's in Ossian. Tickets are \$5.00 a piece for adults and free for children 12 and under. Tickets must be presented at the entrance on the day of the cook-off and will also be available for purchase on the day of the event.

There will be prizes for the top three winners, and winners will be determined by your votes! There will also be door prizes every half hour. All proceeds will benefit Friends Who Care Cancer Relief Foundation of Wells County! Please come and show your support.

What is Friends Who Care?

Friends Who Care Cancer Relief Foundation of is a nonprofit organization that supports Wells County cancer patients and their families financially and spiritually.

A Wells County man who embraced life inspired a group of his peers to create Friends Who Care. Despite the struggles the man endured as he battled cancer, he didn't complain. Instead, with his warm smile, he was among the first to lend a hand to anyone who needed help. Friends Who Care was formed to keep alive his spirit of giving back to our community.

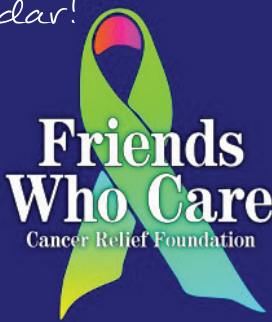

If you would like to participate with Friends Who Care in other ways or simply want more information, please call at 260-307-1074.

Put it on your calendar!

Customer Spotlight

Here at Collier's, we appreciate our customers. We realize that without you, our company would not be where it is today. We would like to use this space to recognize a loyal customer and a very respected individual in our community, Dave Rigney.

Dave has been the Ossian police chief for 14 years and has served in law enforcement for 25 years. Before coming to Ossian, Dave worked in law enforcement in Anaheim, California for two and a half years and then in Rowlett, Texas for seven years. Dave came to Ossian to be closer to his parents who live in Cincinnati, which is also Dave's hometown.

Dave and his wife have three grown sons and three grandchildren. One son lives in Texas, one in Ossian and one in London with three children.

Dave lit up when he told us stories about visiting his grandchildren in London. One anecdote he smiled while telling us was how difficult it was to find public restrooms in London (who knew?). Also, in London, they use boilers to heat their homes due to no ductwork in their historical buildings. What Americans think of as historical may date back to the 1700s, but some of London's roads, buildings and other landmarks may date back to the 1400s. Listening to Dave's stories was so interesting and fun-- he has so many! He is an obvious leader with a great heart.

“ I love Collier's. I think you're a great company. I wouldn't use anyone else.”

Dave has been a Collier's customer since 2007. When asked why he chose Colliers, he replied, "I love the people who work here. I have confidence in their ability to meet all of my heating and air needs." Dave then talked about why he believed Collier's was different from other HVAC companies. He said, "What I appreciate about Collier's is their attention to detail and customer satisfaction. They do what it takes to ensure the customer is satisfied."

Thanks, Dave. We appreciate you and all you do for our community!

Meet Todd

Todd Zeplin, one of Collier's Principle Owners, has been on the team for nearly 20 years. When he's not working to meet your heating and air conditioning needs, he's in his own shop at home.

Todd has many talents and hobbies that are not recognized in the HVAC industry. Firstly, Todd has a passion for cars. Todd has been drag racing since 2012. He has a Mustang Shelby GT 500 that he has been working on the past several years. He beefed up the frame, gave it a new rear end and a bigger super charger. It now goes as fast as it can go in order to be in compliance with racing regulations-- and that's fast! His next race is in Muncie on August 11 if you'd like to show your support!

In addition to cars and racing, Todd also loves wood working. He's made many pieces of furniture for his home such as a dining room table, coffee table and his current project is kitchen chairs. Todd particularly loves turnings. In the summer time, Todd is working on his car, and in the winter, he is wood working.

Say hi to Todd next time you are by the office! Cars and wood working are always safe talking points.

Todd's pride and joy, Shelby.

Todd taking first place at Baer Field.
